Graduates will demonstrate competency in the subject knowledge of Spanish by applying the fundamentals of critical theory to the analysis of discourse and literary texts, describing the general socio-historical and philosophical contexts in which literary works have developed, describing the cultural, socio-economic, and political fabric of Spain or Spanish-American countries, and demonstrating familiarity with the major components of language, such as phonology, morphology, syntax, and semantics.

### Technology

Graduates will demonstrate competency in using technology to present ideas by using PowerPoint and other multimedia tools.

#### Critical Thinking

B.A. graduates will demonstrate their ability to think critically in terms of identifying and summarizing a problem or question, analyzing and examining ideas and research findings, assessing the influence of context, and constructing and interpreting information within Spanish.

### Communication

Graduates will demonstrate effective oral communication skills through their subject knowledge of Spanish, organization of ideas, adequate connection to an audience, and efficient delivery.

B.A. graduates will demonstrate effective written communication skills by explaining content and developing ideas, effectively organizing information, demonstrating a command of the written language, and using the conventions of language and documentation appropriately.

\* = courses where outcomes are assessed/taught.
